iTEC Centre Reference – (X500616)

Dear Principal,

Thank you for your application to become an iTEC approved centre. We are pleased to confirm that your centre has been granted probationary iTEC registration, conditional to the successful outcome of a centre inspection which will take place on your first exam date.

Your centre reference number is X500616

Please provide this reference in all future correspondence.

A log in and password to access online exam bookings, enrolments, etc. will be forwarded to you in an automated email.

The iTEC website will be one of the primary sources of information required by your centre. For example, our website lists all Schemes of Work for each qualification. We would therefore urge you and your colleagues to familiarise yourselves with the website.

As a registered centre, you are now entitled to use the iTEC logo in your promotional literature.

We would like to take this opportunity to congratulate you and your staff on this achievement and we look forward to a long and prosperous working relationship.

Yours Sincerely,

Jo-Rene Van Zyl
